

NORTHWEST ASTHMA & ALLERGY CENTER

October 2023

To the patients and families of Northwest Asthma and Allergy Center,

I am writing to inform you of my retirement from Northwest Asthma and Allergy Center on January 26, 2024. It has been a true honor and pleasure to get to know so many of you over the past 22 years. I feel privileged to have had the opportunity to partner with you, your families, and other members of your health care team to navigate health challenges and thereafter maintain wellness. It has also been inspiring to observe so many of you becoming advocates for allergy and asthma awareness and safety in your schools, workplaces, and other communities.

As I step back from a career I have truly enjoyed to spend more time with my family, I wish to express my deep appreciation for your insights, warmth, and humor all these years.

Wishing you all the best of everything,

Ashley Jerath Tatum, MD
