To My Dear Patients,

I am writing to inform you that I will be departing from my longtime position at Northwest Asthma and Allergy Center (NAAC) as of August 14th 2019. My family and I will be relocating to San Diego, California, where I will be honored to serve our military families as the allergist for the Naval Hospital at Camp Pendleton.

It has been a special pleasure to care for and learn from you all over the past 11 years. I often say that I have the best patients, and I stand by that. Thank you all for placing your trust in me. NAAC was my first position out of Fellowship, and I was incredibly lucky to train with and work alongside some of this nation's most renowned allergy experts over this past decade. At national meetings, NAAC is a well-known entity, and as a medical professional, it has been a badge of honor to be affiliated with this practice for so long.

I will miss my colleagues and our work together tremendously as well. To that end: if I am unable to see you before my departure, while I may miss you, you won't miss a beat and can count on receiving extraordinary and compassionate care from my colleagues at NAAC.

I hope to see some of you in the hallways during my many return visits to my hometown of Seattle and to our offices. In the meantime, if you have any questions about this matter, please feel free to contact me via the portal or by calling the office at (206) 527-1200.

And for those who are concerned, I will root twice as hard for the Seahawks and Huskies, no matter where I am!

Most sincerely,

David R. Naimi, DO
