

In accordance with public health guidelines, as of March 16th, NW Asthma & Allergy Center is temporarily transitioning all patient visits (new patient/recheck/sick visits) in Western WA to telemedicine encounters. Skin testing & oral challenges in our clinics will be limited & are subject to your allergist's discretion.

PRIOR to your telemedicine appointment, we require receipt of completed forms & a copy of your current insurance card. * If we do not have a current copy of your insurance card at the time of scheduling your appointment, we request a credit card on-file which will only be charged after the appointment if a copy of your insurance card is still not received. Furthermore, if we do not receive requested forms at least 30 min prior to your appointment, we may need to reschedule our appointment.

If you do not have a smart phone, tablet, or computer/laptop, please contact the office during business hours, so other arrangements can be made. Telemedicine appointments *require one of these devices* as well as a strong, reliable *Wi-Fi connection* & a *webcam*. We will also need your *e-mail address*. A private & quiet place is optimal for the virtual appointment, & you should not be driving.
